## AIMS AND OBJECTIVES OF THE PLAN:

The aim of this Plan is to help the parishioners of Upham be able to support themselves when faced with an emergency situation within the village. It should also provide important information to the emergency services regarding the ongoing situation and the requirements of the village. It is highlighted that the risk of the Emergencies related to adverse weather conditions, with the exception of snow, will increase with Global Warming.

Should it be considered that a critical emergency has taken place within the village, the Parish Clerk, Mrs Anne Collins or in her absence Councillor Ross Snowdon or Councillor Dalley must be contacted as soon as possible. It will then be up to this person to get the Emergency Plan under way.

This will happen in the following order:

1. Contact Emergency Services and the Upham Emergency Coordinators
2. Delegate someone to do an assessment of the incident, identify hazards, those involved, and estimate casualties, estimate requirements.
3. Have Emergency Control Centre set up and manned.
4. Contact people who have offered to help.
5. Contact people in the village who have medical or first aid experience if required.
6. Arrange for vulnerable people to be contacted.
7. Contact and Jenni Bell ([jenni@sugarweb.co](mailto:jenni@sugarweb.co) / 01747 860400) and ask them to put messages on village website [www.uphamvillage.org.uk](http://www.uphamvillage.org.uk) and Mike Elliott (01489 860193, 07807 479114) at [Commshub@uphamvillage.org.uk](mailto:Commshub@uphamvillage.org.uk) letting people know where the emergency is and where to go for emergency shelter.

## EMERGENCY ACTION STRATEGY

The following strategy has been devised to meet the Aims and Objectives outlined in the previous section.

The strategy is based on providing when possible advanced warning of a potential emergency and ensuring that should a major emergency occur in the village that those effected, and the various Emergency Action Groups are in place and all those concerned are aware of the emergency facilities and lead emergency workers know their responsibilities.

To implement this strategy several Emergency Groups have been formed:

<b>Emergency Groups</b>	<b>Responsibilities</b>
Emergency Control Centre Group	<ul style="list-style-type: none"> <li><input type="checkbox"/> Approval of Village Emergency Plan</li> <li><input type="checkbox"/> Ensure relevant Emergency Coordinators are aware of Emergency situation</li> <li><input type="checkbox"/> Overwatch of Emergency situation</li> <li><input type="checkbox"/> Determine whether an Emergency Community Meeting is required</li> </ul>
Emergency Coordinators	<ul style="list-style-type: none"> <li><input type="checkbox"/> Implementation of relevant Emergency Actions.</li> <li><input type="checkbox"/> Alert relevant Emergency Group(s) for Emergency Event</li> <li><input type="checkbox"/> Set up Emergency Control Centre</li> </ul>
Resident Awareness/Alert Group Upper and Lower Upham Groups	<ul style="list-style-type: none"> <li><input type="checkbox"/> Resident Group to support Emergency Coordinators</li> </ul>
Flood Wardens	<ul style="list-style-type: none"> <li><input type="checkbox"/> Monitor Flood Alerts</li> <li><input type="checkbox"/> Warn residents of impending Flood Risk</li> <li><input type="checkbox"/> Implementation of Flood Emergency Plan</li> </ul>
Upham Community Group	<ul style="list-style-type: none"> <li><input type="checkbox"/> Aid residents during Emergency</li> </ul>
Emergency Plan Group	<ul style="list-style-type: none"> <li><input type="checkbox"/> Creation and update of this document herein</li> </ul>
Emergency Rest Centre Coordinator	<ul style="list-style-type: none"> <li><input type="checkbox"/> Lead person coordinating the Emergency Rest Centre</li> <li><input type="checkbox"/> Implement Emergency Rest Centre Activation Plan</li> </ul>
Medical and Secondary First Aider Teams	<ul style="list-style-type: none"> <li><input type="checkbox"/> To provide first responder first aid</li> <li><input type="checkbox"/> Support Emergency Services</li> </ul>

To ensure the effectiveness of the Village Emergency Plan the following resources and lists have been formulated:

- Emergency Control Centre
- Emergency Rest Centres
- Local Skills and Resources List
- Residents at Risk List

## EMERGENCY COMMUNICATIONS STRATEGY

The following strategy has been devised to ensure there is a robust and effective methodology to communicate within the various Emergency Groups and in particular to address the need to communicate with those residents who may not use smart phones or computer technology and the only effective communication would be through door-to-door visits.

<b>Type of Warning</b>	<b>Source of Warning</b>	<b>Responsibility for Alert</b>	<b>Alert Media</b>
<b>Advanced notice of imminent Emergency</b>	<input type="checkbox"/> From Public TV, radio and Internet Warning Sites <input type="checkbox"/> Water Table Level Monitor	<input type="checkbox"/> Emergency Coordinators	<input type="checkbox"/> E-mail to UPC <input type="checkbox"/> Advise Commhub and Village Web Site
<b>Emergency in progress</b>	<input type="checkbox"/> Police <input type="checkbox"/> WCC <input type="checkbox"/> Village Residents	<input type="checkbox"/> Emergency Services <input type="checkbox"/> Delegate for assessment of Emergency <input type="checkbox"/> Emergency Coordinators <input type="checkbox"/> Resident Awareness/Alert Group <input type="checkbox"/> Upham Community Group	<input type="checkbox"/> Telephone <input type="checkbox"/> Advise Comms Hub and Village Web Site <input type="checkbox"/> Door-to-Door of Vulnerable Groups
<b>Immediate high-risk Emergency escalation</b>	<input type="checkbox"/> Emergency Action Groups at scene of Emergency	<input type="checkbox"/> Resident Awareness/Alert Group <input type="checkbox"/> Upham Community Group	<input type="checkbox"/> Door-to-Door

## ADVANCED WARNING OF IMMINENT EMERGENCIES

As a "watch" on Imminent Emergencies the Emergency Coordinators and Flood wardens will monitor the following potential Emergencies and alert the residents of the village as stated in the above table

Potential Emergency	Early Warning Media
Flooding	Heavy and Long duration of rain Visual monitor of height of water table in Ross Snowdon's monitor
Heatwave	Metoffice Website, Weather forecast and National/Local News Broadcast <input type="checkbox"/> <a href="https://www.metoffice.gov.uk/weather/warnings-and-advice/uk-warnings">https://www.metoffice.gov.uk/weather/warnings-and-advice/uk-warnings</a> <input type="checkbox"/> <a href="https://www.heart.co.uk/southcoast/news/local/weather-warning-hampshire">https://www.heart.co.uk/southcoast/news/local/weather-warning-hampshire</a>

Heavy Snow	Weather forecast and National/Local News Broadcast
Major Water Leak	Southern Water Website <a href="https://www.southernwater.co.uk/incident-map">https://www.southernwater.co.uk/incident-map</a>

In addition, Air Quality will be periodically monitored and if extremely poor the Village Residents will be alerted by CommsHub

## EMERGENCY CONTROL CENTRE

If seen as necessary, the Parish Clerk or acting Emergency Coordinator shall determine the need for and if required call for the setting up of an Emergency Control Centre

Depending on the epicenter of the Emergency Incident the Emergency Control Centre will be located at either the **Pavilion at the Recreation Ground** or **Upham Village Hall**.

The following Action Plan to be activated:

- Contact relevant Emergency Rest Centre key holder and obtain key.
- Open Emergency Rest Centre and ensure utilities are operational.
- Contact Emergency Coordinator and Lead of Upham Community Group and request attendance at the Emergency Control Centre.
- Contact Emergency Services and inform them that an Emergency Centre has been set up and its location.
- Contact Resident Awareness/Alert Group for required support.
- Check availability of communication devices e.g. mobile telephones, chargers, and Laptops.
- Analyze Emergency Situation from feedback emergency assessors and guidance from the relevant representatives of the Emergency Service(s)
- Determine whether there is a need and if so, hold a Community Emergency Meeting.
