Park at the recreation ground. There are two stiles on the walk, both dog friendly.

Cross the football pitch and continue on the green track straight ahead. Follow this, ignoring two paths to the right, until it turns left and joins a track. Turn left on the track. Continue to a road, Ower Farm Lane, and turn left.

After a short distance turn left onto a green track, Woodcote Lane. Continue to a road, White Hill, and turn right.

Almost immediately take a path on the left. Follow the path through the trees and down the field edge. At a tee junction turn left into a wood, The Rookery. Continue along this wide fenced path to the next tee junction and turn left.

Continue out of the wood and along the field edge ignoring the path which bears right. Follow the path to the left at the top of the field and shortly after turn right over a stile. Cross the field and over a stile onto the road, Queen Street. Turn right.

At a junction turn left into Church Street and at the church turn left into the churchyard at the second gate. Continue ahead through the churchyard then straight ahead on a path between two fences and through a kissing gate onto a road, Shoe Lane. Turn left.

Return to the recreation ground.
